

ASNT Chattanooga Section – January 2010 Meeting

Start the new year out right by attending and supporting your local ASNT Section. Our first meeting of the new year will be held:

When: *Tuesday, January 5th*
Location: *Porkers, 1251 Market St, Chattanooga, TN*
Time: *5:30 pm to 8:00 pm*
Quest Speaker: *Mr. G. Wayne Hembree, NDE Specialist, TVA*
Topic: *“ASME, Overview and Update”*

Members and guests are cordially invited to attend this meeting. The technical presentation will follow a meal and short business meeting.

Our speaker, Mr. Hembree is very experienced in the NDE requirements for the Manufacturing, Construction and Operating components of Nuclear, Fossil and Hydro power generating facilities. As an NDE specialist, he holds, or has held, Level III certifications in UT, RT, PT, MT and VT methods; and level II certifications in LT and ET. He has over forty years of performing, supervising and managing NDE projects. He has served over thirty two years on the ASME Code Committees and is regarded by peers as a technical expert on Code and NDE applications.

Mr. Hembree is presently a member of the ASME Standards Committee Section V, Chairmen of Subgroup Volumetric, Member of Subgroup PQ&I and Member of Subgroup Surface. In addition, he is the ASME Project Manager for implementation of the CR (computed radiography) into the ASME Code.

Don't miss this unique opportunity to hear from and ask questions to an NDE expert.

Gary L. Wade
